ABOUT ME

I am an active undergraduate student pursuing a Bachelor's degree in Information Systems at Satya Wacana Christian University. I have a strong interest in User Interface (UI) and User Experience (UX) design. I am proficient in programming languages such as HTML and CSS. I am accustomed to working both collaboratively and independently, and I enjoy learning new things in the fields of technology and digital design.

EDUCATION

Universitas Kristen Satya Wacana - Salatiga   **August 2022 - 2026 (Expected)**

Faculty of Information Technology | Bachelor's Degree in Information Systems

- **Cumulative GPA: 3.78/4.00**

 Experiences:
- **Student Council President (2020–2021)**
- **Passed HSK Level 4 (Hanyu Shuiping Kaoshi)**

PROJECT EXPERIENCES

Simple Website Development Project – Dicoding (March 2025)   **April 2025**
- Created a website themed "City of Bandung".
- Designed page structure using semantic HTML.
- Created layout and style using CSS, including responsive design.
- Added basic interactivity using JavaScript.
- Implemented accessibility and clean code principles.
- Project successfully met Dicoding's assessment criteria and received a certificate of completion.

Nexcent Company Simulation Project – Digital Services Company   **March 2025**
- **Created user interfaces using HTML and Tailwind CSS.**
- **Utilized Tailwind utilities to build a consistent and efficient layout without the need for manual CSS.**
- **Created page structures such as landing page, service features, testimonial sections, and footer, focusing on a mobile-first approach.**
- **Focused on seamless navigation and an optimized user experience.**

PetWorld Pet Shop Website Project   **May 2025 - Present**
- **Created a website for a pet shop featuring various products and services with an attractive and user-friendly design.**
- **Developed user interfaces using HTML and Tailwind CSS.**
- **Created pages such as the homepage, product catalog, service details, and contact page with a responsive and mobile-friendly approach.**
- **Utilized Tailwind utilities for rapid and consistent styling.**
- **Added interactive elements such as a purchase button, hover effects, and simple navigation.**
- **Developed the project to hone front-end development skills and demonstrate the ability to build professional website interfaces.**

ORGANIZATIONAL EXPERIENCES

ISFEST UKSW 2024 – Accommodation and Equipment Division   **2024**
- Organized equipment and accommodation needs based on the event rundown.
- Coordinated with vendors and internal teams to ensure seamless equipment and logistics distribution.
- Supported the technical smoothness of the event.

UKSW Open House 2024 – Event Division   **2025**
- **Contributed to drafting event concepts and program flow.**
- **Organized the actual execution of the event and ensured all activities ran on schedule.**
- **Coordinated with MCs, performers, and participants to ensure an interactive and informative event experience.**
